# NOTES AND PRECIS.

(1)

The proposed reduction in rates may, if approved, be accepted.

S.N.32 F.374-1928 (A) (2) In the schedule of 'Scale of rates for Vaccine treatment' on page 3 of Resident's Proceedings No. 10237, dated the 2nd November 1928, rates have been prescribed only for 'dogs', and not for other smaller animals such as cats, goats, sheep and calves. It seems necessary therefore that the heading 'dogs' should be altered into 'Smaller animals such as dogs, cats, goats, sheep and calves' and the entries below suitably amended, if necessary.

(3) Again, on page 2 of the Proceedings, under the heading 'Dogs and Cats', the following entry appears:-

"Vaccine Treatment.-

Anti-rabic. .. Rs. 15/- Anti-Distemper. Rs. 7/-'

As rates for vaccine treatment have been separately given on page 3, it seems that the entry on page 2 referred to above can altogether be omitted. In any case, 'Rs.15/-' is wrong : it is Rs.11/- now, and should be corrected to Rs.8/10/- in case the reduction now proposed is accepted.

(4) If approved, the file may be sent u.o. to the Collector for remarks on the points raised in paras 2 and 3 above.

21/8/31

Asst. Secy.

(5) Will Collector please see for favour of remarks.

It seems to me that it would meet the requirement of the case if the portions encircled in red on pages 2 and 3 of the Resident's proceedings were deleted and a statement added giving the scale of rates for anti-rabic treatment as per the Director's letter.

S.N.32 F.374-28 (A)

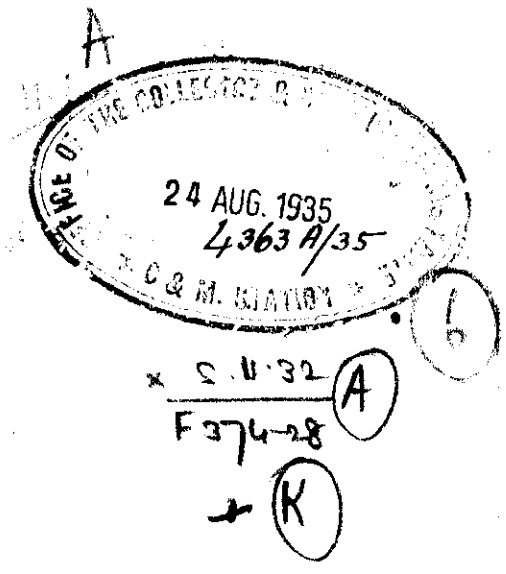
with the addition of a column for "Fee for injections only".

29.8.35.

To,

The Collector, S. & Mo. Station, Bangalore.

W. O. No. D. 7754 dated the 23rd August 1935.



The portions encircled in red on pages 2 and 3 of the Resident's Proceedings may be deleted. I enclose copy of Vety. Superintendent's No.444 dated 28-8-1935 wherein he has furnished a statement giving the scale of rates for anti-rabic treatment as per Director's letter. I approve the rates proposed.

D.No.11,443. S.N.(2).

The proposed amendment may be approved. Draft submitted.

16.12.35

Is S.P.C.A a "competent authority"? If not, who is. The term is almost meaningless therefore it would be better to amend the rules bland somewhat on the same as the Madras rules.

17.12.35.

Cases of animals sent by S.P.C.A. are covered by the addendum already issued; and it was not proposed to delete it. It seems however better to omit it and and insert a clause on the lines of the Madras rule, as suggested above. A revised draft is submitted for consideration. If approved, the Collector may see it u.o. before issue.

Subject:- Scale of rates for anti-rabic treatment (Vaccine from Coonoor).

I have the honour to enclose a copy of the circular No. 2071, dated 5th April 1935 from the Director, Pasteur Institute, Coonoor regarding anti-rabic treatment of animals which has been brought into effect from the 10th April 1935. It could be seen from the circular that the duration of anti-rabic treatment has been reduced from 14 days to 7 days, in respect of treatment of smaller animals such as dogs, cats, goats, sheep and calves.

+ S.N.32 (A) F 374-28

As per proceedings of the Hon'ble the Resident No.10237, dated 2nd November 1928 as amended by his No.4484, dated 19-6-33,

+ S.N.40 (B) F.32-32

the fee fixed for anti-rabic treatment for dogs is Rs.11/-,(Rs.6/- cost of vaccine and Rs.5/- towards injection charges). As the duration of treatment has since been reduced from 14 days to 7 days, in my opinion it is desirable to reduce the fee for treatment also proportionately. I therefore recommend that a fee of Rs.8-10-0 may be fixed for anti-rabic treatment for smaller animals with effect from 1-8-35 (Rs.6-2-0, cost of vaccine including money order commission and Rs.2-8-0, fee for injections) and Rs.2-8-0 for injections only for seven days.

OFFICE OF THE RESIDENT IN MYSORE. BANGALORE. 12 AUG 1935 Regd. No. 7752 File. No. 1019/35

Under Memorandum No.210-A-28, dated 9th October 1928 from the Assistant Secretary to the Government of India, Foreign and Political Department, to the Hon'ble the Resident in Mysore, the Hon'ble the Resident in Mysore is empowered to revise the scale of fees.

+ S.N.30 F 374-28 (A)

No.4363-A-35. Enc./ Office of the Collector, C & M Station, Bangalore, dated 8-8-1935.

Copy forwarded to the Secretary to the Hon'ble the Resident in Mysore, Bangalore, with the request that the sanction of the H'ble the Resident may be obtained for revising the scale of fee as proposed by the Veterinary Superintendent, C & M Stn., Bangalore. I recommend the proposal.

10 AUG. 1935

COLLECTOR.

Letter No.Cir, No.2071 dated 9-4-35 from the Director, Pasteur Institute, Coonoor, to the Director of Veterinary Services, ~~Coonoor.~~ Madras.

---

I have the honour to state that with a view to reduce the duration of antirabic treatment for smaller animals and to enhance the efficacy of the treatment, I have decided to bring into use the following higher dosage of antirabic vaccine for animals with effect from the 10th April 1935, without increasing the cost of the vaccine.

| Animals. | Strength of vaccine. | Daily dose. | Duration of treatment. | Cost Rs. |
|---|---|---|---|---|
| Cat | 5 % | 3 c.c. | 7 days. | 6 |
| Dog | " | 5 c.c. | 7 " | 6 |
| Goat | " | 10 c.c. | 7 " | 6 |
| Sheep | " | 10 c.c. | 7 " | 6 |
| Calf | " | 10 c.c. | 7 " | 6 |
| Deer | " | 10 c.c. | 7 " | 7 |
| Pony | " | 20 c.c. | 14 " | 7 |
| Bullock | " | 30 c.c. | 14 " | 11 |
| Buffalo | " | 30 c.c. | 14 " | 11 |
| Cow | " | 30 c.c. | 14 " | 11 |
| Horse | " | 30 c.c. | 14 " | 11 |
| Camel | " | 60 c.c. | 14 " | 21 |
| Elephant | " | 60 c.c. | 14 " | 31 |

---

I, therefore, request you to be so good as to issue a circular to all the Veterinary Assistant Surgeons in charge of Veterinary Hospitals in this Presidency regarding the introduction of the higher dosage of treatment for animals.

---

In the matter of the adoption of the statement of the Director of Pasteur Institute into our schedule of scale of fees, I beg to point out that as per Proceedings of the Honourable the Resident No.10237, dated 2nd November,1928 all cattle goats and sheep are being treated free of charge except in cases where expensive medicines are required in the course of treatment. Preventive inoculations against diseases such as, Rinder-pest, Haemorrhagic-Septicaemia, Anthrax, Black-quarter are being done free of charge when out-breaks are reported. In the case of dogs also anti-rabic treatment is given free in respect of owners whose income is below Rs.100/- (vide proceedings of the Hon'ble the Resident No.281/34,dated 15th September,1934.

The disease of rabies has to be distinguished from other diseases in that there is always the grave danger of the human-being being susceptible to an attack of this by a bite caused only by an animal suffering from this disease. In order to lessen the risk to human lives it becomes very necessary that anti-rabic treatment should be adopted on a wider scale than is at present.

As a matter of fact, the owners of these cattle, goats, sheep and jutka ponies are people whose income generally be less than Rs.100/- per mensem. Hence I beg to submit for consideration, that cattle, sheep, goats and jutka ponies may be exempted from the payment of anti-rabic treatment charges. Past experience shows that there have not been more than five cases of this kind requiring exemption from ~~payment~~ Payment of charges during the course of a year and hence the cost to the Government may not be great. It may be possible to meet this extra expense, if any, with the present allotment only.

If the above proposals meet the approval of the Hon'ble the Resident, the following statement may be included in our scale of fees for treatment.

(P.T.O.)

| Animals. | Cost of Vaccine including M.O. Commission. | Fee for injections only. | Total cost of treatment. |
|---|---|---|---|
| Cat.. | Rs.6-2-0. | Rs.2-8-0. | Rs.8-10-0. |
| Dog. | 6-2-0. | 2-8-0. | 8-10-0. |
| Goat. | 6-2-0. | nil. | nil. |
| Sheep. | 6-2-0. | nil. | nil. |
| Calf. | 6-2-0. | nil. | nil. |
| Deer. | 7-10-0. | 2-8-0. | 10-2-0. |
| Pony (Jutka) | 7-2-0. | nil. | nil. |
| Bullock. | 11-4-0. | nil. | nil. |
| Buffalo. | 11-4-0. | nil. | nil. |
| Cow. | 11-4-0. | nil. | nil. |
| Horse. | 11-4-0. | 14-0-0. | 25-4-0. |
| Camel. | 31-6-0. | 14-0-0. | 45-6-0. |
| Elephant. | 31-6-0. | 14-0-0., | 45-6-0. |

From the above statement it will be seen that the charges in respect of other animals,such as, horses, camels and elephants have been fixed as per the scale already fixed in the proceedings No.10237, dated 2nd November,1928, being Re.1/- for each injection.

--:0:--

Recovery of advances and treatment charges of animals sent by the Police.

--

As per proceedings of the Hon'ble the Resident in Mysore No. 10237, dated Bangalore the November 1928 a sum of Rs.10/- for horses, cobs and mules and Rs.5/- for ponies not exceeding 13 hands has to be recovered in advance before any animal is admitted into the hospital for treatment. In practice it has been found difficult to recover this sum in advance where Police Officers send or bring animals involved in accidents motor or otherwise resulting in the loss of limbs to animals. Past experience has shown that where the injury is not of a very serious nature the amount has been collected sometimes by persuation and sometimes by coercive measures from the owners. On the other hand there have been instances where animals have been - treated for injury sustained by them and ultimately to have been destroyed. The destruction charges should be paid for to the party who destroys the animal. Non-recovery of hospital fees has led to the Audit raising objections. I am very doubtful whether in such cases the Commissioner of Police will agree to pay the Hospital and maintenance charges of animals sent by the Officers of the department. I would therefore suggest, if approved, that the Commissioner of - Police be addressed in the matter and definite orders issued to me for guidance.

In this connection I may mention for information as per Madras Government G.O. Mis. No.1546 Development 14th September 1929, the following will be treated free of charge.-

(a) All Government animals,

(b) Animals remanded to a hospital by a Magistrate,

(c) Animals sent to the hospital by an Officer of the Society for Prevention of cruelty to Animals.

(d) Dogs sent by the Police for observation for rabies, in case the owner is unwilling or unable to pay.

P.T.O.

As regards (c) above the Government have agreed to treat free of charge in respect of animals admitted to the hospital at the instance of the S.P.C.A. vide Hon'ble the Resident's Proceedings No. 1643, dated the 2nd March 1932.

for Sheristadar.

27.11

No. 2426/AG/35 dated 19-11-35.

Returned to the District Magistrate,

In cases of accident where horses or other animals sustain injuries, they are sent to the Hospital by the Police for certificate and treatment and such cases are very few. In fact we have had no such cases where treatment charges were claimed. Only last month a bill was received from the Veterinary Superintendent for destruction charges of a horse and it is being paid.

Treatment charges do not seem to be a legal claim against Government and the owners of animals are liable to pay them and they are not likely to pay if the animals are finally destroyed or become useless. The only solution in such cases would be to treat such animals free of charge under Government orders which would avoid Audit objections.

(Sd) R.S.Milton,

COMMISSIONER OF POLICE.
